

Application for 5 O'Clock Shadow

Slots are awarded on a first-come, first-served basis. The faculty approves slots based only on time availability (although some restrictions do apply to particular dates). Your project must be complete, with the space returned to its original condition, in 90 minutes or less. Any type of theatre project is viable, but please note that there is no departmental budget for 5 O'clock Shadows. If you plan to produce a scripted play, you are responsible for payment of any royalties associated with the play. Please return this application to David Janoviak (RA 105).
