Liberal Arts Core Curriculum (LACC) • Advising Guide • 2017 –18

The LACC is a required part of all BA, BS, and BFA degree programs and comprises a minimum of 54 of the 180 credit hours necessary for graduation. The LACC prepares students for advanced study in their academic majors and helps students develop a foundation of basic knowledge necessary for a more successful personal and professional life.

General education and degree requirements for the Bachelor of Music (B.M.), Honors Program, and Applied Baccalaureate (A.B.) may be found in the WOU Course Catalog. Completion of graduation requirements is the responsibility of the student.

Approved Liberal Arts Core Curriculum courses (Minimum of 54 credit hours of specific coursework)

It is critical that students consult with their academic advisor as they select LACC courses. Many majors and minors have prerequisites or suggestions for coursework within the LACC. Courses completed as part of the LACC and/or BA/BS/BFA requirements may also be used to fulfill requirements within a student's major or minor program–refer to your advisor. Transfer students who have not completed an approved transfer degree should meet with an advisor in the AALC. Exceptions to the following requirements may be an option.
