Department

## Practicum Application

- All practicum arrangements must be approved through the Practicum Coordinator before registering for CJ 409 (current employment generally does not qualify as practicum).
- It is recommended that this application be submitted about three terms prior to the beginning of your practicum.
- Practicum can only be completed during your Junior or Senior year.
- Please notify our office of any address change that occurs after you submit this application.
- **PLEASE NOTE: There are two legal agreements required by the university before you can sign up for, and start your practicum (one between the host agency and WOU and one between you and WOU). These forms are available on the Practicum Resources Moodle page and in our department. Get them completed, signed, and returned to our office as soon as possible.**
