

**WOUFT/Faculty Senate
Joint Committee on Evaluation (JCE)**

The officers of the Western Oregon University Federation of Teachers and the Faculty Senate recognize that course and instructor evaluations are a contractual matter best examined by a representative committee of faculty union members. This committee will share findings and recommendations with the WOUFT in order to inform future negotiations of contract language regarding course and instructor evaluations. The committee has already begun to form. If you are interested in serving on this important Joint Committee on Evaluation, please contact:
