Re: Proposal for renaming division
Date: May 21, 2020.

The library faculty propose to drop all uses of "Library and Media Services" and its abbreviation "LMS." Media *collections* are now fully understood to be part of the overall library collection, making this callout extraneous. Furthermore, Academic Innovation, the new sibling unit to the library, will be taking on the content *creation* aspect of "media services."

Library Division is the new name of the group composed of library faculty.
