# ITC CONSTRUCTION IS COMPLETE

The ITC construction is complete and departments have moved back into the building. The building has a new entry, new gallery space, a remodeled bathroom, refurbished main auditorium, a fire sprinkler system addition, and a full seismic upgrade.

# CYBERSECURITY

## TIPS FROM UNIVERSITY COMPUTING SOLUTIONS (UCS)

- 80-90% of CyberSecurity attacks are still coming in via email, so please be very cautious opening links or attachments in emails.
- Red flags should always be raised when money is involved and short timelines.
- Remember to complete the Information Security Training (in Portal). UCS can provide any director with a listing of their staff and their completion percentages.
- WOU's most recent Cybersecurity incident highlighted a real need to audit the network drives (H, I, J) for unneeded files that contain personally identifiable information (PII) or other sensitive information. Please delete unneeded files, and secure the files needing to be kept by encrypting them or moving them to DocStar.

# TWO NEW STAFF MEMBERS AT CAMPUS PUBLIC SAFETY (CPS)

## MEET OFFICERS DANIEL & COLTEN

### DANIEL LOPEZ SOLIS

(He/Him/His/El)

Daniel is from Dallas, Oregon. Daniel is bilingual in both English and Spanish. Daniel is currently a senior at WOU and is pursuing a Criminal Justice Degree. During his time at WOU, he has been involved with many clubs and organizations such as the Multicultural Student Union (MSU), the Student Enrichment Program (SEP), PLUS Team, and is the president of the Omega Delta Phi fraternity on campus. When not at work, Daniel loves to go fishing, hiking, camping, and swimming.

### COLTEN RUYLE

(He/Him/His)

Colten has been working and volunteering in the law enforcement/public safety field for the past four years. He has volunteered as a cadet with the Yamhill County Sheriff's Office, worked as a Park Ranger for the McMinnville Police Department and most recently as an On-Call Public Safety Officer at Linfield University. When not at work, Colten enjoys hunting, camping, fishing, and spending time with his family dog, Riggs.
