You can contact a Health Navigator if you need help with:

Scheduling support

A Health Navigator can help you find in-network providers and specialists. They can also help you with setting up appointments.

Prior authorization

Some medical services require prior approval. A Health Navigator can assist you and your provider during this process and help with any questions you may have.

Selecting a PCP 360

A PCP 360 is a primary care provider who has agreed to partner with you and be accountable for your health. They deliver full-circle care and coordinate with other providers as needed. A Health Navigator can help you find and select a PCP 360 to receive in-network benefits for primary care services.

Claims and provider billing support

Questions about a claim or a bill you received from your provider? A Health Navigator will answer your questions and can even work with your provider to resolve issues.

Care programs

We have many resources that help members with certain conditions or concerns. A Health Navigator can help connect you to programs that are just right for you.
