

**Making a positive  
impact on the lives of  
students, employees  
and young children at  
Western Oregon  
University**

## 3-minute video tour of the CDC and information about our program

## This year, we have served a total of 38 children

- 11 children have parents attending WOU
- 9 children have parents that are WOU employees
- 18 children have parents who come from the community
- We employ 17 WOU students part-time, most are from the College of Education.

---

## Operation during COVID-19 (we hope to return to normal operations for the 22-23 year)

- We were approved to operate 3 rooms of Preschool. We elected to keep our 2 large rooms at 15 students in each room instead of 20.
- Each classroom is a stable group, with the same teachers.
- Extensive sanitation and safety procedures have been put in place.
- We were not able to open our Toddler or Elementary age programs due to high costs.

---

# IFC FY 22-23 Academic Year Funding Request

We are requesting our service level funding, the same as the 2021-2022 year:

➤ **\$53,113**

- **Cut @ 10%= \$47,802**
- **Cut @ 20%= \$42,490**
- **Cut @ 30%= \$37,179**
- This will not include a summer program at this time.

---

## IFC FY 22-23 Academic Year Funding Request (We hope to be back to our full enrollment of 50 little students by Fall 2022)

- **Fall 2020** - IFC served 11 WOU students at the CDC at 45% subsidy = \$9,046
- **Winter 2021** - IFC served 13 WOU students at the CDC at 45% subsidy = \$11,353 (we used carry over from Fall term 2020)
- **Spring 2021** - IFC served 13 WOU students at the CDC at 45% subsidy = \$10,712
- **Fall 2021** - IFC served 10 WOU students at the CDC at 50% subsidy = \$6,213. (any funds remaining will be returned to IFC)

---

# IFC dollars at work

- The IFC tuition subsidy helps to recruit non-traditional students with children to attend WOU
- 100% of IFC Funds go directly to subsidize the WOU students' childcare tuition. (Currently 40-50%)
- Both the WOU Student and their child are receiving a high quality education
- WOU CDC provides on-campus part-time employment for College of Education students
- CDC helps encourage retention of WOU students by supporting parents with affordable childcare which removes a common barrier to completing their education

# WOU Student Stories

*"I am a single mother and without the IFC stipend it would be difficult or even impossible to find affordable childcare for my daughter. While pursuing my degree, it is important to me that my daughter has access to quality care that is also educationally engaging. The stipend has allowed my daughter to be located close to where I live and go to school. "* **Katelyn & Alice**

*"The Preschool Promise and IFC stipend programs have not only allowed our family to afford the cost of preschool but has also allowed our son the opportunity to grow in many different aspects. From social skills to developmental milestones, The CDC has been such a helpful resource for our family. "* **William, Brittany & Maddux**

On behalf of WOU students with children, thank you for your continued support over the years. The positive impact on the lives of WOU students, families, and children lasts a lifetime.
