i) Natalie - We will be tabling on May 14th and June 4th, both Mondays from 12-2. We'll be allocating money next week!
d) OTM Remix Committee
i) Gus - It's happening next Wednesday after GA!
10) Representative Time
a) Gus - GA was poppin'! Ackerman hall government requested $\$ 3,100$, and we gave them \$2,6oo! They want henna painting, air brush tattoos, a dunk tank, and an inflatable! Also RHA allocated money for their program next Thursday Brain Break. We approved changes for RHA's constitution and their statutes.
b) Brandon - Do we support these changes?
c) Regan - I don't like that there is a change from 3 OTMs per term to 2 OTMs per term.
d) Rachel - I think Gus is right and that it might improve the quality of OTMs.
e) Carter - I don't think that the number of it matters that much.
f) Karen - Has there been conversation about improving the quality of OTMs?
g) Brandon - Yes between Laura and I, which is hard with the turn around within hall government.
h) Karen - I feel like, from a first year community standpoint, hall government members don't understand that this is a part of their position from the start.
i) Rachel - Is there information about OTMs within the hall government constitution?
j) Brandon - No, they get information through leadershop.
k) Morgan - What if we required hall government members to attend the OTM party?
l) Rachel - There have been ARAs do that in the past, that really encourage members to write OTMs. I think there should be example OTMs given to members from the start so that they know how. I think this is a good change and we need to do more.
m) Gus - I can put that into my transition documents.
n) Natalie - There is a packet of OTMs, but I think they need to be taught as mentor texts and so people know aspects of writing craft to apply to their own OTMs.
o) Carter - I think we've made OTMs seem daunting with a focus on word count, but I think we need to eliminate the pressure of winning regional winning OTMs.
p) Regan - What's the benefit of regional winning OTMs?
q) Gus - Our OTMs exemplify something great at our university that can go and our great programs can be shown at a regional level. It can show the greatness of something from WOU and give different perspectives to other universities.
r) Rachel - I think we've lost topic here. Do we support this? Straw pull?
s) Brandon - We are in favor of the change. We can talk about the quality of our OTMs another time. What about for all the statutes? We are in favor of the statutes.
