

Addendum # 1
RFQ 2021-21 Piano Tuner-Technician
Questions and Answers

Q1: Should the quote be a lump sum?

A. SOU requests a yearly quote. A yearly quote for both pandemic pricing and for non-pandemic pricing should be provided in the submission.

Q2: If a lump sum should it be monthly or yearly?

A. Yearly

Q3: Should there also be an hourly rate for repair to pianos outside of scheduled maintenance and tuning that is anticipated? For example, a new piano is donated to SOU but it needs a lot of work. How would that situation be addressed in the contract?

A: No, we would ask for a quote for each piece of non-routine maintenance as it happens.

Q4: Is there a form for me to fill in with prices or do I prepare from scratch my own proposal?

A: Vendor should submit their own proposal. There is no form to be filled out.
