

Math 213 GSP Assignment Directions

1. Pick a Partner

For each GSP assignment;

- pick a partner, **you must complete your in class GSP assignments in teams of two students.**
- You may have the same partner or different partners for each assignment. This is up to you.

2. Log In to the WOU Network

One partner: Log into the WOU Network. Both partners should work on one computer.

3. Open GSP (Be sure to open GSP5)

4. Open and save (and name) a GSP document

1. Open a blank GSP document (File > Open)
2. After doing at least one thing in the file, SAVE the file. Use the following naming convention with the GSP Lab name given on the assignment:

LastName1_LastName2_GSPLAB-name.gsp

(example) Smith_Jones_Quadrilaterals.gsp

5. Complete assignment

Following the given instructions, and working with your partner, complete the assignment. Save your work frequently. Whatever is not completed in class will be HW.

6. Turn in assignment (only 1 assignment per group)

Turn In: Electronic (email)

Email To: chriestensonb@wou.edu

CC: Your partner

Subject Line: MTH 213 GSP *lab-name*
(example)
MTH 213 GSP Introduction

Attach: Your GSP file (.gsp file)

Due: Before the start of class on the due date
