

## Math 213, Exam TWO Review

---

***Exam TWO is an in-class exam given Tuesday November 17, 2015.***

- For Exam Two you should study your assigned homework (assigned problems, quizzes and connect), the examples in our textbook and the class activities we have done in class for §9.4, §10.1, §10.2, and §10.3.
- Exam Two is a mix of multiple choice and short answer questions.
- You may use your calculator, your personal manipulative kit, a compass, and a straightedge during the exam.
- You may not use a cell phone or any other non-academic electronic device during the exam.
- You may use one 3" x 5" card of notes on this exam (15 in<sup>2</sup>)

### **CONCEPTS TO KNOW**

- Chapter 9 Review Items: pages 647-648: #6
- Chapter 10 Review Items: page 727-728: # 1-5

### **REVIEW PROBLEMS**

Practice problems—you do not need to turn these in, but you should do them

- Chapter 9 Test, pages 649 & 650: # 12, 13, 14, 15
- Chapter 10 Test, page 728: # 1 – 16

***Exam questions will be drawn from all assigned homework & class activities! Pay particular attention to:***

- The Text One Page Math Activities: §9.4, §10.1, §10.2 and §10.3
- Activity Sets: §9.4, §10.1, §10.2, §10.3
- Vocab Quizzes §9.4, §10.1, §10.2, §10.3
- §10.2 and §10.3 Problem Solving Activities

### ***Study Ideas***

- Work problems from the text and the activity book; don't just read over already done work. The more problems you can work, the more confident you will be during the exam.
- Work with a study group, discuss ideas.

***Your exam will cover all assigned homework & class activities! Just studying the Chapter Test questions (via Connect and by hand) will not be a sufficient review for Exam Two!***
