

ES202 Landscape Analysis Worksheet
 (Due at finals, use as study tool for Final Exam)

Name _____

Landform	Material		Process	
	Bedrock or Regolith	If regolith: alluvium?, colluvium?, lacustrine? eolian? poorly sorted/well sorted? Grainsize? Other?	Erosion/Deposition? Eolian/fluvial/karst/lacustrine/marginal marine/glacial/other?	Definition/Explanation
Playa				
butte				
mesa				
Inselbergs				
pediments				
alluvial fan				
bajada				
desert pavement				
barchan dune				
transverse dune				
longitudinal dune				
parabolic dune				
wave-cut terrace				
pocket beach				
spit				
baymouth bar				
tombolo				
sea stacks				
barrier islands				

ES202 Desert-Coast Landscape Analysis Worksheet

Name _____

(Due at finals, use as study tool for Final Exam)

Landform	Material		Process	
	Bedrock or Regolith	If regolith: alluvium?, colluvium?, lacustrine? eolian?	Erosion/Deposition?	Explanation
fjords				
estuaries				
reefs				
Pluvial Lakes				
kettles				
eskers				
recessional moraine				
horn				
tarn				
drumlin				
karst lakes				
solution sinkholes				
karst lakes				
floodplain				
river terrace				
levee				
oxbow lake				
delta
